

\$3,701 Raised in War Chest

All Committees Reported
but Little More Money Is
Expected for the Fund

Randall county citizens have contributed \$3,701 to the United War Chest Fund, according to a report of County Chairman Milton Morris. It is believed that all solicitors have made their reports. However it is likely that some individuals have not made their contributions and will do so in a few days.

The county had a quota of \$2,100 and the total subscriptions amounted to \$1,601 more than the quota. Randall county was the first Panhandle county to report over the top on its quota. According to reports from other counties the drive will be brought to an end this week.

Mr. Morris is very enthusiastic over the splendid response which was given by the people of the county. The workers in all parts of the county did a fine job in presenting the needs of this drive, and the people responded promptly and generously to the call.

The money will be used by 17 war relief agencies which are taking care of our men in service and are administering to the unfortunate people in all parts of the world.

District Meet of FFA Chapters Held at Hereford

A competitive meeting of FFA Chapters from eight schools was held in Hereford Saturday. In the spring, gifts were awarded to each chapter and these were shown in competition at Hereford.

Zane Axe of the W. T. High won 1st place; Joe Bailey of Canyon High won 2nd.

In the judging contest, W. T. High placed 3rd; Canyon High, 4th. The eight chapters are from Happy, Dimmitt, Farwell, Friona, Bovina, Lazbuddi, Hereford, W. T. High and Canyon High.

The Hereford chapter put on a program and fed the 75 boys present.

James Lair of Canyon high is president, and Karl Meyers of W. T. high is vice president. W. G. Sanderson is counselor.

Willard Spiser of W. T. high is area president.

W. T. High will be host to the group in January.

The two schools from Canyon played a joint team from Hereford and Dimmitt in basketball, winning 24 to 12.

Boys Returned to Naval Training

Bradford Black, Douglas Groom and Oscar Smith left Monday afternoon for Pittsburg, Kansas, where they have been in training in the Navy V-12 Unit at Kansas State Teachers College.

Groom and Smith have been transferred to Norfolk, Va., leaving Pittsburg upon their return. Black will continue his work there for another period.

HILLS RETURN FROM VISIT

Dr. and Mrs. J. A. Hill returned Thursday from a vacation trip to California where they spent two weeks at the home of their son, Joe Hill. He is designer in a plane factory. Dr. and Mrs. Hill saw a new granddaughter for the first time.

Archie MacAlpin was home from Albuquerque over the week end to visit with his family. He recently resigned his position with the college to accept a government position in the geology department.

Subscriptions to Newspapers Are In Big Demand

Hundreds of subscribers have heeded the warning of the News to make their renewals early this year. The paper situation is very critical, as we have repeatedly pointed out. No newspaper knows when orders will come for the publication to discontinue taking subscriptions.

For those who have not made their renewals for another year, this additional warning is given. The News does not intend to repeat the warning as we have made it several times.

When the government issues orders to reduce the consumption of paper, publications can do nothing else than refuse to accept subscriptions from those not paid in advance. Those who have not placed their orders for renewals must be cut off when their time expires. No publication will like to do this, but this will be the only way to conserve print paper. Again we urge, make your renewals now and avoid future difficulties.

Action Under Vesuvius

IN THE SHADOW OF MT. VESUVIUS, anti-tank gunners of a British regiment have set up their weapon at a vital crossroads. General Mark Clark's victorious Fifth Army is composed of about equal numbers of Yanks and Tommies who are together driving the Nazis northward through Italy.

Salvage Organization Will Be Made Monday by Commissioners Court

Judge A. H. Hunt Will
Direct Second Salvage
Campaign Over the County

Judge A. H. Hunt will organize the county for the coming salvage drive next Monday. County Commissioners were precinct chairmen in the first salvage drive, and will be called upon to act in this capacity again this fall, according to Judge Hunt.

Other citizens will be called upon by Judge Hunt to assist in the campaign. The County War Board, headed by County Agent W. H. Upchurch, will be called upon to work in this campaign. Mayor W. A. Warren will be asked to campaign in Canyon.

A detail of soldiers from the Amarillo Air Field has been working over the Plains assisting farmers in cutting up and hauling to market the heavy machinery which they were unable to handle. Judge Hunt states that he will contact this salvage crew and see if services of the crew will be available for Randall county.

However, all farmers are urged to start now to market all of the scrap metal which they may have on their land. The steel mills are needing more scrap metal, and it is necessary to build up the stock pile during the fall months to feed the steel mills.

Thanksgiving To Be Observed With Union Services

Plans are being made for a Community Thanksgiving service to be held in Canyon this year.

Dr. Roy L. Johnson, pastor of the Baptist Church; Rev. Robert Jones, pastor of the Presbyterian Church; Rev. C. C. Armstrong, pastor of the Methodist Church, met Friday afternoon at the Christian Church with Rev. Joseph Findley, the pastor, and started plans for this service.

Announcements of the service will be made before Thanksgiving Day.

Cemetery Assn. To Meet Saturday

There will be a meeting of the Cemetery Association at the Thompson Club Room Saturday afternoon at 4 o'clock.

All members are urged to be present.

Mr. and Mrs. R. C. Lehnick of Amarillo visited relatives in Canyon Sunday.

Call of 19 Men December 30 to Fill the Quota

Randall county will furnish 19 men on a call of Selective Service on Dec. 30. The men will leave on the afternoon of Dec. 29.

The November call is for 30 men to leave on the afternoon of Nov. 15. No list of men can be announced in advance because of the possibilities of last minute changes. However, it is likely that only a few pre-Pearl Harbor fathers will be included in the November call because of the large number of volunteers during the past week.

The December call will largely be pre-Pearl Harbor fathers as the list of single men will be exhausted. The local board is meeting this afternoon to classify a number of men who have taken their physical examinations. Another group of men will be called up for physical examinations in order to fill out the list for the December call, and to prepare for future calls.

Ration Books Nos. 3 and 4 Must be Signed

Holders of Ration Books 3 and 4 are urged to sign these books immediately, stated T. S. Stevenson.

Books No. 3 were mailed to the holders, and many citizens have failed to sign them. When lost there is no way to identify the owner.

Those who find ration books which are signed should drop them in the mail, and they will be delivered to the rightful owner, postage collect.

HOME FROM HOSPITAL

W. R. Vandergriff was brought home from the hospital Saturday. He has been seriously ill, but has improved considerably this week.

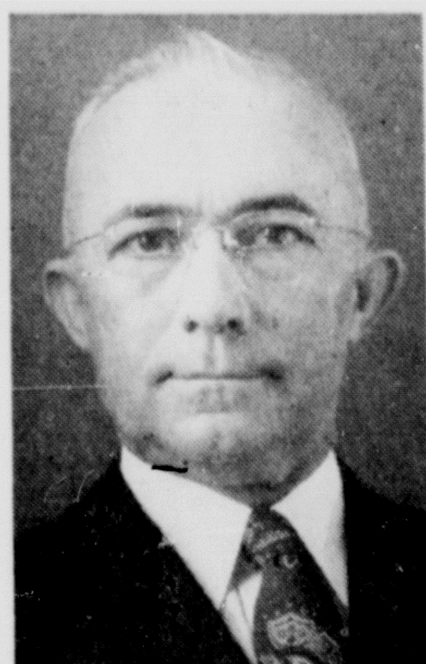

His three sons, who were home from the army last week, have returned to their posts. The sons are: Lt. Mabry C. Vandergriff of Panama City, Florida, Cpl. George Vandergriff of Augusta, Ga., and Pvt. Vaughan Vandergriff of Fort Lewis, Wash.

Opal Wall of Amarillo, Fawn Rogers and Imogene Langston spent the week end in the L. H. Holman home as guests of Willie Mae Holman.

Mr. and Mrs. C. V. Lowe and daughter of Gruver spent the week end in the home of Mr. and Mrs. G. B. Combs.

Methodists Have Anniversary Day

Laymen Will Report on
Condition of Church as
Pastor Closes Year's Work

REV. C. C. ARMSTRONG

Rev. C. C. Armstrong will close his second year as pastor of the local Methodist Church next Sunday. He leaves Monday for Lubbock to attend the annual conference of the Northwest Texas Conference. Dan F. Sanders will be the lay delegate to the conference.

Sunday will be Anniversary Day at the local church. Laymen will have charge of the morning service and reports will be made on the activities of the church during the past two years.

An invitation has been extended to every Methodist and all friends of the church to the morning service. Members will bring covered dishes for the luncheon which will be served in Fellowship Hall at noon. Methodist students in the college and Methodist cadets in the 350th Training Detachment have been invited to join the members of the local church in this morning service and at the luncheon.

Temperature Low at 20 Degrees Is Registered Tues.

The coldest wave of the year hit the Panhandle Monday night. The mercury dropped to 20 degrees above zero Tuesday morning.

While freezing weather prevailed several times this fall, this was the only real freeze of the fall.

No moisture has fallen since Oct. 6. The total for the month of October was only .53 of an inch. The total for 1943 is only 11.64 inches.

Ration Books Are Available to Late Comers at Office

Those who have not received their No. 4 ration book may go to the office of the Ration Board in the court house and receive the new book.

However, they must take their No. 3 book before the new book may be issued.

Recipe Books Are Highly Approved

Scores of Randall county women have bought the new Recipe Book which is being distributed by the Canyon News. The new books are highly approved by the women who have examined and used the new recipes.

The books sell for 35 cents at the News office; 40 cents each by mail.

Mrs. Ancil Shewbert of Dalhart, Mr. and Mrs. Earl Burtz and son, Clifford, Mrs. Earl J. Davis and children, and Mr. and Mrs. Burton Fewell and sons were dinner guests of Mrs. Mary Burtz Sunday.

Dairymen Must Submit Records In Order to Secure Subsidies on Milk

Reports Will Be Filed
in the Office of County
Agent W. H. Upchurch

All farmers who sell milk or cream and are interested in the subsidy payments now being made should file their October sales tickets, from the creameries, in the County Agent's office by the 10th of November. Payments will be made for October production during November. The payments for the 60-day period, November and December will be made in January.

The subsidy rate for this area is 40¢ per cwt., on whole milk and 5¢ per pound of butterfat in cream or butter.

Those who do not have sales tickets and desire to file special types of evidence of production should consult the county office.

The War Food Production Administration has announced that this present subsidy program on dairy products will be in effect for October, November and December.

Program Practice Tuesday for the Community Day

Community Day will be observed in Canyon on November 11. Those who will take part on the program at 7:30 o'clock Armistice night will meet at the Methodist Church on Tuesday night of next week.

Community Day is sponsored by the United Council of Church Women of Canyon. "The price of an enduring peace" will be the subject for thought and discussion during the day. Various groups will consider this subject as they meet during the day.

The culmination for the day's study will be the meeting at night to which all citizens of Canyon are cordially invited.

Chief Boatsman Mate A. W. Hawks arrived home Tuesday to spend a 2-weeks furlough with his family. His son, Cadet Bill Hawks, left Tuesday for A. & M. College where he is in training.

American Legion To Observe Day

Breakfast at the Legion
Hall Nov. 11 Observing
End of World War I

Armistice Day will be celebrated November 11 by the American Legion.

The annual breakfast will be held as usual this year on the 25th anniversary of signing the Armistice which ended World War I.

All members of the Palo Duro Post and their families are urged to be present.

All Randall county men in service who are home on furlough, as well as men who have been discharged from World War II are cordially invited to the breakfast.

The breakfast will be served at 8:30 o'clock at the American Legion Hall.

There will be no other Legion program during the day, but a number of business houses will observe the day as a holiday.

Feed Problem Is Serious in Entire Southwest

Congressman Eugene Worley has issued the following statement regarding the feed situation of this section:

The protein feed situation is still one of the most important problems now confronting farmers and ranchers of the Texas Panhandle. This is brought about through increase in cattle population but no corresponding increase in high protein feed which means, of course, that the feed supply will be insufficient but not necessarily desperate.

Repeated conferences with officials of the Department of Agriculture, War Food Administration and others have helped to secure the following results:

The Texas Panhandle has been officially recognized as a drought area and every possible effort is being made to see that our section is among the first to receive supplies of high protein feed. The soybean crop from the North and East is being transported to the South to be crushed by our mills. Although the crop, which will show an increase over last year's production, is being shipped as rapidly as possible, shortage of boxcars is delaying movement to some extent. It is hoped that soybeans will be received in sufficient quantities to greatly relieve the present acute condition.

So far as cotton seed cake is concerned, I am officially advised that no government agency is handling distribution but it is being left in the hands of industry to be moved through regular trade channels.

As of October 16, estimates of the War Food Administration for the entire United States show about 3 billion bushels of corn, about 835 million bushels of wheat, 330 million bushels of barley, 1,150 million bushels of oats, 33 million bushels of rye and 100 million bushels of grain sorghums are available.

Bank Will Observe Armistice Day and Thanksgiving Day

The First National Bank will observe the two holidays for November—Armistice Day and Thanksgiving Day.

The first holiday comes on next Thursday and the second holiday three weeks from today.

Sgt. and Mrs. Paul Aldridge are here to visit at the parental C. W. Samples home. Sgt. Aldridge is a tall gunner in the Army Air Corps and will report to Salt Lake City on Nov. 6. Mrs. Aldridge will stay here with her parents.

THESE TWO FATHERS and their sons made Masonic history, climaxing it Monday at Khiva Temple's ceremonial. The six set a new record and a precedent for Knights Templar in Texas when a father conferred degrees on his two sons and on a father and his two sons in one Amarillo Commandry class. Left to right, they are Jack Taylor, Wilford Taylor, Jr., and their father Wilford

Taylor, all of Canyon; Eminent Sir Emil M. Benesch, past commander, who conferred the degrees and his two sons, Richard E. Benesch and J. Melvin Benesch, all of Amarillo. The elder Benesch is a Shriner and the other five became members of Khiva Temple at Monday's ceremonial.

Facts Without Coating

The United States will face the greatest economic disaster that this or any other nation ever has suffered "unless it finds ways to put private capital at work after the war to a degree that will provide full employment," the Senate's special post-war economic policy and planning committee was warned.

The report was delivered by Senator Joseph C. O'Mahoney, Democrat, of Wyoming, one of the committee members, and was based in part on a study of the problem which he recently made in the West Coast states at the request of the committee. He asserted that failure to meet the objective he set forth would mean that the national economy would inevitably be regulated to a degree obnoxious to American citizens, either by government agencies or huge private monopolies.

"We had to adopt totalitarian methods to fight successfully," said the Senator. "But control of our economic system has been concentrated, geographically and in industrial units, to a degree which has almost destroyed the ability of states and other sub-divisions to protect the economic interests of their citizens. It is to be doubted if the country realizes how the very basis of a free economy has been undermined."

On the matter of "incentive taxation"—taxation which encourages the establishment and expansion of business—he said:

"If we believe in free enterprise we believe in the profit system. If we believe in profits we must make up our minds to make profits possible by encouraging the owners of capital to risk its investment. There are two enemies of profit, the Socialist who would have the State make the investments necessary to keep the economic machine running, and the monopolist, who would prevent any but himself from operating at a profit."

Police Power By Subsidy

Doubling the number of ration points required to buy a pound of butter, and the recent freezing of fluid milk sales in parts of the country, bring the people "face to face with the stark reality that violation of the principles of supply and demand, coupled with rationing of relatively low-priced commodities, leads to scarcity," said Fred A. Sexauer, President of the Dairywomen's League Cooperative Association.

"Instead of following the simple and natural course of adequate pricing to obtain adequate production (this was done in industries producing ships, planes, tanks, munitions, etc.), the government has chosen the hard way of attempting to freeze prices, freeze the free movement of producers from one outlet to another, and to substitute various types of subsidies to give the producers partial compensation under terms and conditions which inhibit their freedom."

"The payment of subsidies has developed an elaborate scheme of interlocking controls so that terms and conditions of receiving the subsidy constitutes the exercise of policing power. Thus government by regulation is constantly supplanting government by law; and government by regulation rapidly emerges into government by rear."

The harmony which prevailed in the Moscow conference is the finest thing which has come out of the war. The United States, Russia, Britain and China can forestall another world war by continuing to work together. It is taken for granted that lesser nations like France, Italy, Spain, Sweden, and the like will be granted rights to develop in a peaceful manner, but ever under the watchful eye of the four great powers. There is no doubt about the punishment of hundreds of German war lords who brought all of this grief and sorrow on the world. What will become of Germany has not been disclosed, but one thing is sure and certain, an ever watchful police force will be alert to see that she does not start building for another war in 25 years.

Band and Play Are Scheduled for Amateur Hour

Under process of organization to accompany the West Texas State Band and the amateurs on their tour of Army camps, is a brief melodrama entitled "Driven From Home." The play is being cast and directed by the Department of Speech, under the supervision of Mr. Butler.

Although the cast has not been definitely determined, the skit has the following characters and stu-

dents participating: Father, Beth McCaslin; Hero, Mona Burleson; Villain, Mary Jo Priddy; daughter, Bernadine Phillips; Mother, Lula Margaret Johnson.

It has been estimated that the play will be 15 minutes in length.

A modern-style stage band will provide a large part of the musical entertainment of the touring show. Since organization of this band has not yet been completed, names are still withheld. The instrumentation will include four saxophones, two trumpets, two trombones, one bass, drums and piano. Also, several vocal performers will be featured with the band.

Another Surprise Party

The American people were long suffering at the hands of the European trouble makers. Our amiable disposition caused the bullying bosses of enslaved peoples to think they could kick us around with impunity. Well, they have had their eyes opened.

A somewhat parallel situation exists at home. We want peace in the labor field. Under our constitution, workers have a right to join a labor union if they choose, or the right not to join, although this latter right has been abrogated in many cases.

But labor unions have gained such power that in our country's crisis some of them have been kicking our people around after the pattern of the European dictators.

The people have endured coal strikes, war industry strikes, and all manner of work stoppages which have deliberately defied our government, as did the Axis nations.

Now with the third coal strike in progress, and with a rail strike threatened, the gang which has promoted labor dictatorship in the United States may be given a surprise party by a disgusted American public, as unexpected as the one given the European bullies.

Senator O'Daniel is on the war path again. This time he is after all office holders who have been on the job for more than six years. He is proposing a constitutional amendment setting the term of public office at six years and limiting the tenure to one term. In this manner every six years we would have a house cleaning and every office in the nation would be filled with newcomers. Naturally this amendment would not prohibit an office holder from running for another office, since the Junior Senator from Texas has his eyes on the White House as his next political job. He is hoping that the President will not see fit to run and that the great public demand will be for O'Daniel to be the candidate in 1944. Of course all of us who have watched the antics of our Senator since he ran for Governor as a flour salesman, know his amendment is pure bunk. He will not secure a half dozen votes in Congress. Of course a lot of men get elected to public office and succeed in holding on longer than is good for the public, but the voters are alone to blame. This wild proposal of the Senator amounts to practically the same thing as telling every citizen in the United States that every six years they must change jobs for the benefit of those who do not have the kind of jobs they want, and therefore demand a change. This would certainly demoralize civilian life. Such an amendment would certainly wreck our Democratic form of government. Most of us object to making political jobs good for life, and believe that change in administrative jobs frequently leads to better government. But we are not willing to risk the fate of our Democracy by such a foolish suggestion as made by O'Daniel.

Just how high can we safely run the public debt? This question has been raised time and time again. We heard before the war that 100 billions should be the limit, and we continued dishing out public money until that limit was reached. Now the public debt will soon reach 300 billions, and will continue to soar until the war has been won. No one will raise his voice against spending all of the money necessary to win the war. We are all thoroughly convinced that should we fail to win the war this nation would be stripped by our enemies. There is no longer any question as to winning the war, but every sensible American hopes that it will be won as cheaply as possible both in lives and material. But it seems that we have in Washington New Dealers who are more interested in spending money than they are in winning the war. All of this money must be repaid at a future date. No sensible person objects to paying taxes during war. As a matter of fact all surplus earnings over and above actual necessities and a safe backlog for postwar rebuilding should be put into the war cheerfully by every citizen. But the people have a right to demand and to expect that none of this money shall be wasted. Future generations will be called upon to repay this debt, and the office holders of 1943 have no right to squander the money for the mere sake of high spending.

It looks like the United Nations would invade the Balkans, provided the native factions will fall in line, and Russia does not object. It is hard for Americans to understand the situation over there. If the United States should be cut up into a dozen or more nations, all speaking a different language; all suspicious of each other, and refusing to get along; we might understand what this European mess is all about. As the situation stands, we have little means of comprehending the tragic condition which confronts Europe, and how hard it is to win a just and enduring peace.

The way in which Willkie has been tearing into the reactionary Republicans is very refreshing. Willkie has given the party leaders to understand that he is willing to run against Roosevelt, but he is going to demand a progressive platform. Willkie may figure that he has no chance to win if the war is still on, but he wants to run in respectable company, which he cannot find among the isolationists.

A civilized individual has tolerance for all people, but he tolerates his friends.

HEELS SOLES REBUILDING

Rationing can be a blessing in disguise — even shoe rationing. Before it we took too many things for granted. We bought more than we needed, we bought unwisely. Now, commonplace things like shoes have new value. They have to last, and with care, WILL last. Here's where we come in. We are prepared to repair your shoes efficiently and economically to make them wear twice as long.

BASKETBALL
Hot dawg! Canyon Eagles defeated their first opponents of the season Wednesday night in the Grade School Gym, the rivals being the freshmen of the college and a few of the exes. The final score was 18-23; the high-point man: Bobbie Dowd, with nine points chalked up to his credit, followed by Max Bosley, with five points.
Subject: Basketball.
Where: Canyon Grade School Gym.
Who: Vanyon Eagles vs. Vega Longhorns.
Admission: 15, 20, and 30 cents.
Time: 8:00
When: Friday.

Yes, the Eagles will try their skill in defeating their old rivals, the Vega Longhorns, Friday night in the gym. Come on gang, let's start backing them at their first official game; what do you say?

Some boys have found a new way to use tennis nets and it doesn't have anything to do with tennis balls. If the nets are strung from tree to tree they become a detriment to efficient transportation. Don't they Mr. Hollabaugh?

Members Gather Scrap Materials

As a chapter project, FHT members of Canyon High School will sponsor the collection of scrap paper beginning next week. Special boxes will be placed in each classroom and all students are asked to bring in scrap paper and place it there. This paper will be sold and the money used to make improvements in the homemaking department. Miss Rhita Jean Sullivan is sponsor of the club.

Carnival Surpasses Past Fetes

Royal Maiden Receives Crown

All eyes were focused on Jean Prater, freshman, as Manus R. Foster, master of ceremonies, placed the royal crown upon her head and declared her to be Carnival Queen of 1943.
Her attendants are, from left to

right: James Inman; Louise Prichard, seventh grade candidate; James Lair; Ellen Sanders, junior nominee; King Ridings Sloan; the Queen; Manus R. Foster; Lindsey Taylor; Mollie Nann Ziegler, senior

candidate; Billie Turner, sophomore favorite; Ray McDonald; Nancy Ann Nicklaus, eighth grade nominee; and Austelle Burus. Seated are Sylvia Key and Nelda Jean Coffee, flower girls, and Charles Robert Neblett, crown bearer.

Foster Crowns Prater Queen

Speech Department Gives Various Musical Numbers

Highlighting the carnival for 1943-'44, Editor Manus R. Foster crowned Jean Prater Queen of Hallowe'en, to reign with her court for the rest of the year. Escorted by King Ridings Sloan, the queen was attended by Princess Mollie Nann Ziegler and Prince Lindsey Taylor, seniors; Princess Ellen Sanders and Prince James Lair, juniors; Princess Billie Turner and Prince Ray McDonald, sophomores; Princess Nancy Ann Nicklaus and Prince Austelle Burus, eighth graders; and Princess Louise Prichard and Prince James Inman, seventh graders.

Speech Department Presents Program

In honor of her majesty and court, the Speech Department from West Texas State College presented a program including "Pistol Packin' Mama" and "Dark Eyes," by H. R. Fulton playing the piano-accompanist; "We'll Meet Again" and "Chloe" sung by Edna Mae Mauldin; "The Harlem Sand Man," by Carl Michell, and "March Militaire," piano solo played by James Matthews. The program was announced by Mona Burleson.

Carnival Makes \$540

Raising carnival popularity to its highest pitch in Canyon High School history, grade school and high school booths collected a total of \$540, which surpasses by half any previous total.

Interest in carnival beauties mounted high, as students and townspeople poured in \$208, including both voting and coronation admission fees; giving the Press Club first prize of three dollars as carnival booth taking in the most money for the Parent-Teachers Association.

Hear ye! Hear ye! Auctioneer W. G. Sanderson and the Future Farmers of America took in total amount of \$41.40, thus warranting second prize of two dollars on the queerest auction ever held at Canyon High School! A dehydrator, baby carriage, hair cut, live chicken, wheel barrow, 100 pounds of salt, fruit jar lids, mirror; all were included in the strange array auctioned off by the FFA.

Second Grade Wins Prize

Music and cakes evidently go well together, as proved by the second grades, who claimed third prize of one dollar by collecting \$37 on the cakewalk. Despite sugar shortages, the classes were able to award all types and varieties of cakes to the lucky winners.

After the P. T. A. has taken its running expenses from the total turned in, the remaining sum will be divided between the grade school and high school to benefit the school as a whole.

"Considering everything, the Hallowe'en Carnival this year has been the most beneficial one held since I have been here, and I believe all classes, teachers, and patrons considered the enterprise a success," said Supt. J. B. Speer.

Miss Evelyn Kingsley

Introducing Miss Evelyn Kingsley, the new language arts teacher of Canyon High School! Mischievous and debonair, Miss Kingsley comes to us from Olton, Texas.

For entertainment Miss Kingsley likes boogie-woogie music and roller skating. Just feed her fried chicken and ice cream to make her take on that contented look. Her spare time is filled by writing long letters to a certain soldier. When her news gives out she fills in the remainder of the time with scrapbook making. Students of C. H. S. recognize the new teacher by her 5 feet 9 inch height, brown hair, and her sparkling opal eyes.

Canyon High School welcomes you, Miss Kingsley. We hope you enjoy your stay here.

Dr. Harris M. Cook and Supt. J. B. Speer attended the regular meeting of superintendents and principals in Amarillo High School Auditorium Saturday morning at 10 o'clock.

Various speakers discussed the vitalizing of the present school curriculum and co-ordination of our present work to aid the war effort.

sidered the enterprise a success," said Supt. J. B. Speer.

In the Army are Aviation Cadet Bob Ziegler, Staff Sgt. Avent Lair, Corporal Eugene Newberry, and Tech. Sgt. Alva Doak.

Navy boys included Apprentice Seaman Bradford Black and Harry Brown, Jr.

These boys are stationed in widely separated sections of the U. S. Cadet Bob Ziegler is training at Gibbs Field, Ft. Stockton, Texas while Sgt. Avent Lair is stationed at Alexandria, La.

Corporal Eugene Newberry does office work in Washington, D. C.

Sgt. Alva Doak is a radio technician on a bomber and has viewed parts of England, Scotland, Newfoundland, Greenland, and Iceland. His mail is sent to Iresque Isle, Maine.

Apprentice Seaman Bradford Black is stationed at Pittsburg, Kansas while Apprentice Seaman Harry Brown, Jr., is at home in Ruston, La.

All these boys expressed a low opinion of Hitler and Hirohito and were spilling for a chance to get at some of his disciples.

Education Takes School Interest

Canyon High School will join the nation in observing American Education Week, November 7-13 inclusive. Education for Victory is the theme for this year. During this week the faculty extends to every parent and citizen an invitation to visit the public schools.

To help the parents and citizens of every community realize the value, achievements, accomplishments, and the needs of their public schools is the purpose of the week.

Education is more strongly emphasized today than in the past, for it develops boys and girls into strong, loyal, intelligent, freedom loving men and women. Our public schools stand for education for everyone, education for the scientific age of tomorrow, and education for world understanding.

Army-Navy Gives Qualifying Tests

Government officials urge that seniors and recent high school graduates take the Army-Navy College Qualifying Test on November 9, 1943.

This test is to be given in the West Texas State College by the Assistant Dean of Men at nine o'clock. Designed to measure the aptitude and general knowledge required for success in college programs, the test takes two hours.

Those between 17 and 20 years of age who desire Naval training and qualify in the test may be selected for the Navy College Program. They serve on active duty, under military discipline and receive the pay of the lowest enlisted grade.

Seventeen-year-olds who prefer Army and qualify in the test are offered military scholarships. At the time they complete their selected course they are placed on active duty and sent to an Army installation for basic military training after which if still qualified, they are placed in the Army Specialized Training Reserve Program.

In addition to being morally and physically qualified, applicants for both the Army and Navy programs must possess officer-like qualifications, including proper appearance.

Governor Pinchot of Pennsylvania was presiding at a public dinner. At the conclusion of the past came the inevitable speech-making. A dignified and impressive gentleman, but with a terrible bore, arose at the invitation of the chairman and proceeded to deliver an exceedingly dull and interminably long dissertation on everything in general and nothing in particular.

The audience became impatient and inattentive. A hum of conversation began, which grew louder and louder. Governor Pinchot felt it his duty to rap for order. As he hit the table with his gavel, the handle snapped and the heavy hardwood head of the instrument flew thru the air and landed with a resounding whack squarely on the high, bald forehead of a gentleman seated a few feet away. The guest, already slightly groggy, slumped in his chair.

A horrified silence followed, but the speaker, blissfully unaware of the mishap, droned on.

The injured gentleman revived slightly, lifted his eyes wearily, and murmured, "Hit me again; I can still hear him."—The Wall Street Journal.

To the few of you who survived the many Hallowe'en pranks which were played last week, this column is dedicated.

Course Cal doesn't get around much, but I happen to know that:

There is a terrible mix-up between the two oldest Thurman boys and Ellen Root. It seems that Ellen likes Cole, and Flake likes Ellen. Will some kind-hearted, industrious person help remove the kinks from this triangle?

Faster than a streak of lightning! Swifter than a speeding bullet! More powerful than a locomotive! It's a bird! It's a plane! It's Superman! No, it's only the Seven Senior Sheiks out pranking Hallowe'en night.

Charles Loren Hightower, minus his sailor hat and red jacket, very definitely had a good time at the carnival Friday night. Bonnie Drake was the object of all his attentions.

Paging Nancy Ann Nicklaus! Tommy Hunter is too bashful to tell you himself, but this is just too good to let pass unheeded. He considers you his very best girl, and that's saying quite a bit for Tommy.

Some romances seem never to lose their spark; I think Helen Jo Cox and Charles SoRelle would verify this. Their romance of last fall burst into flame again last Friday night after the carnival.

Post-War Planning Is Needed in City States Thompson

Clarence Thompson was in charge of the Rotary Club program Tuesday. He spoke on the need of post-war planning as a community enterprise.

The speaker pointed to the necessity of keeping up all war activities until Germany and Japan are whipped; but we must be ready to win the peace when the war is over. The thought of the nation today centers around avoiding the mistakes following World War I.

When 10 million men are released from the armed services they must find that their fighting has not been in vain.

The public debt of America nears 300 billions. This amounts to 340¢ of the assessed value of the United States. It amounts to \$825 for every person in America.

Private enterprise can do more toward taking care of post-war problems than the government, provided we are ready for action when the war stops. We must be ready to take care of the men when they return. No one wants to see another WPA, or a continuation of the present regimentation of our private and public lives; but if private enterprise fails, the government will take over.

The large industries cannot do all of this work. Each and every community must do its part.

Mr. Thompson outlined some of

the things that may be accomplished in Canyon. Education is the chief business of this community, and hundreds of boys and girls will wish to resume their college work after the war. We must make our schools the best and most attractive.

Each business firm should study now to absorb some of the men who will return, to give them jobs.

Agriculture will be the most important factor in the nation for several years after the war.

From a civil standpoint, there is a need of an air port; better housing; a hotel; development of our recreational facilities.

Credit will be an important factor as new products are placed on the market. Installment buying will be larger than ever before. Stores must have better employees, better trained and understand their business.

Citizens should get together and study for the future. A City Planning Board has been appointed, but this is only a clearing house for various suggestions.

GREEN HAVEN H. D. CLUB ACHIEVEMENT DAY

The Green Haven Home Demonstration Club held its fruit achievement program in the home of Mrs. J. L. Keeney in Green Haven Community Monday afternoon. Mrs. Sid Harper presided at the guest book.

The meeting was called to order by the president, Mrs. R. T. Normand, "America" and "The More We Get Together" were sung by the group with Mrs. J. C. Arden at the piano. A prayer by Mrs. Arden followed. Mrs. George Ross, secretary, called the roll and read the minutes of the previous meeting.

Mrs. George Protsman gave an informative talk on "Varieties of Fruit for the Panhandle." It was brought out that the Arden family has had strawberries in the garden since May, and a container of huge berries were displayed at the club. Mrs. Arden sold 7,000 plants in the spring.

Strawberry growing was discussed by Mrs. Arden. "My strawberry bed surely paid off," Mrs. Arden said. In continuing the discussion it was brought out that the Arden family has had strawberries in the garden since May, and a container of huge berries were displayed at the club. Mrs. Arden sold 7,000 plants in the spring.

The summary of the club's work of the year was given by Mrs. Normand, who reported the following: 1,270 quarts of fruit canned at a saving of \$190, and 31,750 blue ration points.

1,395 berry plants were put out. 52 fruit trees were put out. \$203 worth of plants were sold. \$73 worth of fruit was sold.

Mrs. Keeney, the fruit demonstrator for the club, gave her achievements as follows:

"We started out in January. Our first demonstration was on Fruit in the Diet. Then our county home demonstration agent, Miss Frances Wilroy, gave a demonstration on the varieties of fruit in the Panhandle and the importance of fruit in the diet.

"In March we planted fruit trees. Our goal was to provide an adequate amount of fruit for our family's diet.

"In July we had a demonstration on canning and drying fruit. We can save 15% to 20% of the vitamins by using the water-bath method of canning fruit.

"In October, Miss Wilroy gave a lesson on orchard management and fruit preparation.

"Of the twelve different varieties of fruit I canned 10 out of the 12 varieties canned were raised in my own fruit plot. By canning 252 quarts of fruit at home, I saved \$38 on the purchasing price.

"In war time, fruits are not always available even though you have the money to buy them. So I want to urge all of you to raise more fruit, especially grapes and berries."

The group was invited out into the garden to see the farm fruit plot. Then the display of beautiful home-canned fruit was shown.

In the dining room were found hand-painted pictures of fruit painted by Miss Darlene Keeney. Darlene also painted a fruit on each leaf of the guest book. Corsets were presented to the club officers, hostess, and Miss Wilroy by Mrs. Normand. Refreshments of spiced fruit tea, cookies and ribbon sandwiches were served from a beautifully appointed tea table, which was laid with a hand crocheted table cloth. The huge fresh fruit centerpiece was elegant for the setting. Miss Wilroy presided at the silver service.

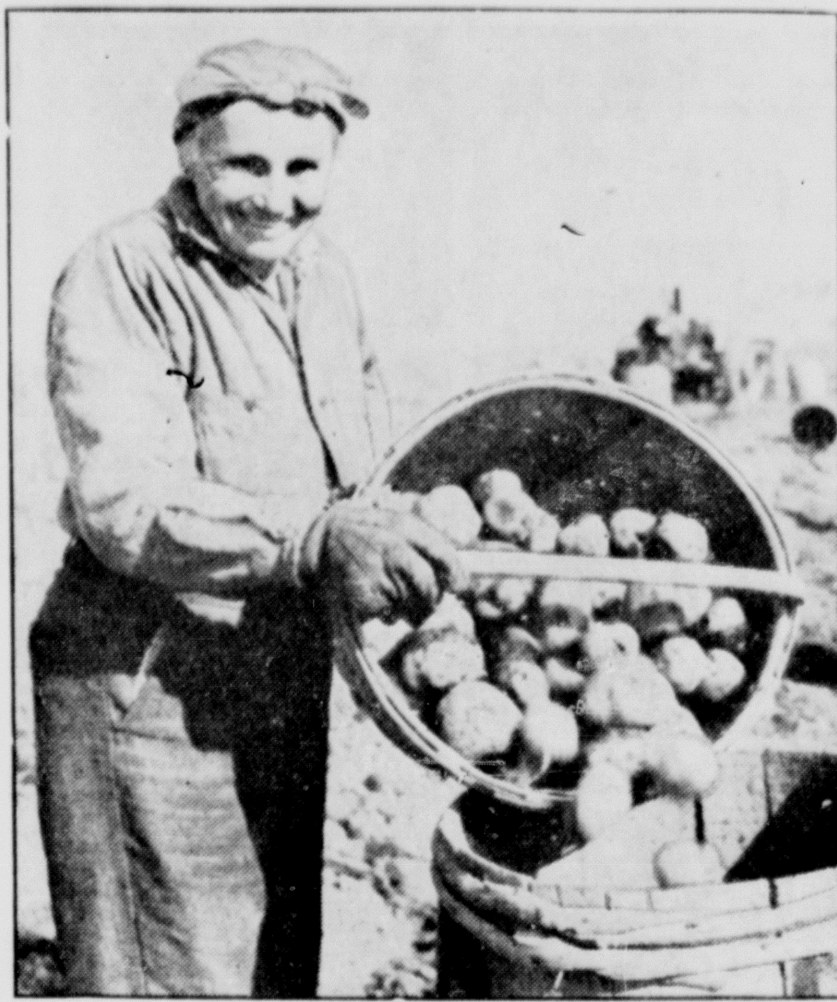

The guest list included Mrs. L. L. Byars, council chairman, Mrs. J. P. Upchurch, Miss Wilroy, Mrs. Joe Cox, Mrs. I. W. Wester of Canyon; Mrs. Sidney Brown, Mrs. Truman Vineyard, Mrs. W. W. Atwood were from Amarillo. Club members present were Mesdames Arden, Ross, Normand, Protsman, Carter, C. B. Addams, Ray Minner, Jack Carr, C. S. Watkins, Sr., C. S. Watkins, Jr., Bill Burrell, Marion Bruce, J. L. Gant, L. A. Pitt, Mrs. Jack Cagle, and the hostess.

Why VICKS VAPORUB Is So Good For Relieving Miseries of Childrens Colds

More than two generations ago—in grandmother's day—mothers first discovered Vicks VapoRub. Today it is the most widely used home-remedy for relieving miseries of children's colds. And here is the reason... The moment you rub VapoRub on the throat, chest and back at bedtime it starts to work two ways at once—

and keeps on working for hours—to ease coughing spasms, help clear congestion in cold-clogged upper breathing passages, relieve muscular soreness or tightness. It promotes restful sleep. Often most of the misery of the cold is gone by morning! That's why VapoRub is so good to use when colds strike. Try it!

"We Are Buying War Bonds—Are You?"

Sgt. Carl Funk, 26, Cincinnati, lost his right eye and sustained a fractured left knee in Sicily. He has been buying War Bonds regularly. He will return to civil life as soon as he is discharged from Halloran Hospital, N. Y.

Pvt. Irwin Levinson, Baltimore, was struck by shrapnel in the left shoulder at Palermo. The fingers of his left hand are paralyzed. When his father asked if he needed anything, his son replied: "Buy War Bonds." His father bought \$1,500 worth.

Pvt. Thomas Dellarossa, Trenton, N. J., 18th Infantry Patrol, was wounded by shrapnel at El Gultar, Africa, and now must wear a special brace for his left knee. He won the Purple Heart. He buys War Bonds regularly and urges you to.

Pvt. Donat Cartier, Derry, N. H., suffered a fracture of the leg above the knee in Sicily when struck by an 88 mm. shell. He was held prisoner for two days by the Germans, traveling in a tank. He is a regular purchaser of War Bonds.

Pvt. William E. Morris, Long Beach, Cal., is above draft age but has seen three years of service. He lost his left leg below the knee in Tunisia. He wears the Purple Heart and Good Conduct Ribbon and continues his War Bond purchases.

AN EXCELLENT IDEA

Some government officials were engaged on survey work in a certain district. They entered the land of a farmer, who furiously ordered them off his farm. They showed him their blue-paper credentials, and the farmer, very angry, turned on his heel and went into another field.

A minute or so later the roar of infuriated bulls was heard, and a couple of hefty animals tore towards the surveyors, who had to run for their lives.

"Show them the blue paper!" shouted the farmer from a point of safety; "show them the blue paper!"

Because of improvements made in lifting appliances, a 50-ton weight can be handled more easily today than a single ton in 1800.

Unaware that an emergency freight elevator in Radio City was operating during the elevator strike that tied up service throughout Rockefeller Center, perspiring, panting Blue Network bass players and drummers lugged their cumbersome instruments up and down stairs from one broadcast to another all evening.

Finally one of the musicians noticed the operating elevator and gratefully tugged his bull fiddle aboard.

"Where you been?" asked the operator. "The piccolo players have been riding all night."

A Nebraska draft board found subtle humor in one of its cards. Under the listing, "serious physical defects," was this classic: "None, except one arm missing."

Processed Foods: Blue stamps X, Y and Z good through November 20. Green stamps A, B, and C in Book Four good through December 20.

SOLDIER'S ALLOWANCE PAYMENTS

Soldiers' dependents must fill out and return a new, one-sheet dependency certificate to benefit by new rates provided by recent service-men's allowance legislation, the War Department announced. All dependents now receiving family allowances are being sent copies of the new form. These should be filled out, witnessed, and returned to the Office of Dependency Benefits as soon as practicable to avoid possible discontinuance of allowances. Until new accounts can be set up, dependents now receiving family allowances will continue to receive their checks in the old amounts. After an account is converted, any sums accrued as a result of an increase in allowances will be included in the first check. The conversion from old to new accounts will take several months.

PEANUT BUTTER PRICES DOWN

Reduction of consumer prices for peanut butter from 33.1 cents to about 26.5 cents per pound, effective November 1, was recently announced by WFA and OPA. The reduction is part of the wartime program to increase use of peanuts in making peanut butter and increase consumption of easily produced foods of high protein content.

30 DAYS' NOTICE ON STAMP 18

The public will be given 30 days' notice, should it become necessary to terminate shoe ration stamp 18. This announcement was made recently by OPA to "kill" scare-buying rumors that the validity period of stamp 18 might be canceled with only 24 hours' notice to consumers.

SET PRICE RANGE ON CATTLE

The allowable range of prices for which each grade of live cattle can be sold to slaughterers has been set by Judge Fred M. Vinson, Director of the Office of Economic Stabilization. Within each grade price may fluctuate \$1. Price ranges per hundred-weight for various grades at Chicago are: choice, \$15 to \$16; good, \$14.25 to \$15.25; medium, \$12 to \$13; common, \$10 to \$11; cutter and canner and bologna bulls, \$7.45 to \$8.45. The Price Administrator and the War Food Administrator are to determine and publish prices at other points in line with Chicago prices. As soon as practicable, the War Food Administrator is directed to put into effect a system of allocation of live cattle to slaughterers and feeders to

maintain "equitable distribution of available supplies."

MAIL CHRISTMAS CARDS NOW

Christmas cards to soldiers overseas should be mailed at once, the War Department says. They must be sent in sealed envelopes as first class mail. Christmas cards mailed now will reach even the most remote APO's by December 25, according to the Army Postal Service.

PREDICT AMPLE COFFEE FOR DURATION

"Coffee supplies in the U. S. should remain ample for the duration," according to George C. Thierbach, President of the National Coffee Association. Imports into the U. S. this year were in excess of any previous year except 1941. Recently Chester Bowles, General Manager of OPA, said "There is not the slightest idea of rationing coffee again." Coffee stamps in Ration Book Four were designed and sent to the printer months ago when coffee was still being rationed.

FARMERS PRODUCE ENOUGH FOOD

American farmers are producing enough food this year to provide civilians with a nutritious diet and meet military and lend-lease requirements, the Office of War Information reported recently on the basis of data from the War Food Administration. Everyone in the U. S. could have more nutrients than are essential for health, with the exception of riboflavin, if the supply of food available for civilian use were distributed equitably and prepared without loss of value.

WHO MAY SLAUGHTER WITHOUT PERMIT

A farmer or other producer of livestock may slaughter without a license or permit and consume meat without giving up ration points, if he qualifies under the following OPA regulations: (1) raised livestock from birth or (2) for 60 days before slaughter, or (3) the weight has increased 35 per cent between time acquired and time of slaughter. In addition, a person must have resided more than six months of each year on a farm he operates, or have visited the farm to give his personal supervision to the raising of livestock for at least a third of the time during the period (one of those listed in the foregoing) on which he bases his claim to the right to consume meat point-free. If a person has his livestock custom-slaughtered, he must meet these same conditions and give the slaughterer a certificate showing he is eligible to consume the meat point free.

550,000 HONORABLE DISCHARGED

Approximately 550,000 officers and enlisted men were honorably discharged from the army between December 7, 1941 and August 31, 1943, according to the War Department. Approximately 200,000 men over 38 years of age were released to accept employment in essential industry of agriculture. Of the remaining 350,000 discharges a large majority was for physical and mental disability.

NO COUPON RATIONING OF COAL

There will be no coupon rationing

of coal during the coming winter, according to OPA. Deliveries are being curtailed so as to spread supplies as evenly as possible. The coal shortage is primarily in anthracite, the Solid Fuels Administration for War reports, and anthracite users are urged to supplement hard coal with bituminous coal. Copies of "Supplementing Anthracite with Other Fuels for Home Heating" (Information Circular 7260) may be obtained without charge by writing to the Division of Information, Solid Fuels Administration, Interior Department, Washington 25, D. C.

MARINES CELEBRATE ANNIVERSARY

On November 10, the Marine Corps celebrates its 168th anniversary. On this day, the seven branches of the corps will be honored: Aviation, Line, Mess, Musicians, Paymaster, Quartermaster, and Communications.

BANS HARMFUL ANTI-FREEZE

To protect motorists and truck operators, the War Production Board last Saturday halted all sales of an estimated half-million gallons of destructive anti-freeze. WPB warned motorists who already have filled their radiators with any of the banned products to drain and flush the cooling system immediately and refill with the alcohol or ethylene glycol type. Harmful types are those compounded with inorganic salts, including calcium, magnesium or sodium chloride and petroleum distillates. Trade names of the products whose sales were halted are: All-Winter, Chem-A-Cool, Frozone, Permazone, Wonder-Solv, Io-Zone, Alcotex, Ever-Flo, Bird Antarctic, Flexo, Gold Seal, Security, Anti-Arctic, Neva - Freeze, Anti-Frost, Bond (top line), Free-Zex, No-Freeze, 60-Below, Lo-Temp, Never Freeze, and No-Boil.

THANKSGIVING DINNERS ASSURED SOLDIERS

Army men and women will have a traditional dinner, November 25, the War Department says. On the menu are: fruit cup, roast turkey with dressing and gravy, cranberry sauce, mashed potatoes, buttered peas, corn, tomato and lettuce salad, celery, pickles, pumpkin pie, apples, grapes, candy, nuts, and coffee. Personnel overseas will be served this menu so far as operating conditions will permit.

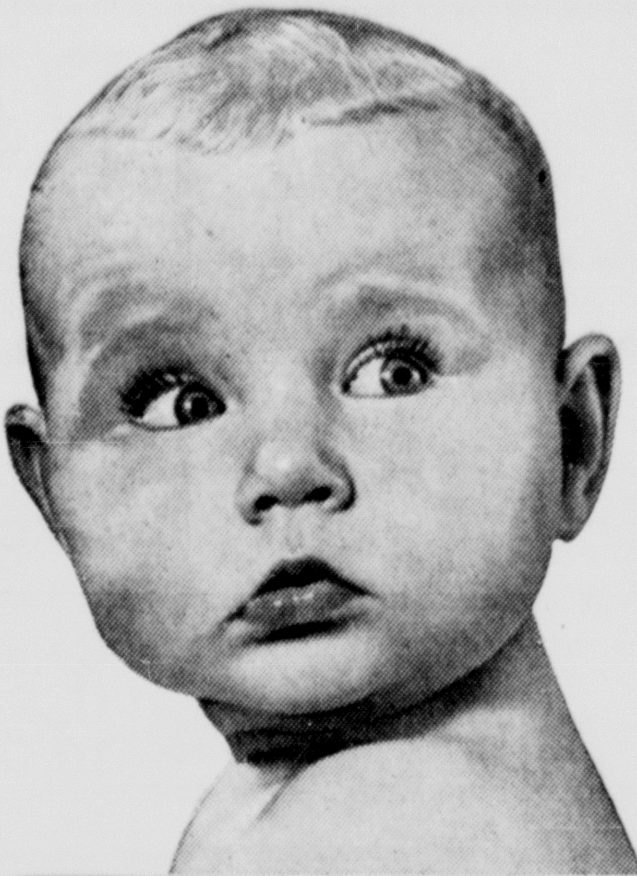

CONSUMERS GET MORE EGG PRODUCTS

Consumers will be able to get more egg products since restrictions on liquid, frozen, and dried whole eggs have been removed by WFA. Increase will be reflected primarily in the production of noodles, macaroni, prepared flours, and prepared ice-cream powders and mixes.

NORTH AFRICA HELPS FEED TROOPS

North Africa now is delivering fruits, vegetables, and meats to Allied Forces, supplying the new French army and feeding essential civilian workers. It was revealed recently. Flour, fruits, and vegetables from North Africa are being used in the Italian campaign, and French authorities are accumulating food supplies for use during and after the liberation of France. Following liberation of North Africa, Allied authorities supplied carefully budgeted seeds, fertilizers, sprays, binder twine, spare parts for farm machinery, and tractor fuel—supplies which have saved many times their

THIS IS YOUNG MR. DOUBTING THOMAS, JR. He is a symbol, and stands for millions of motorists who want facts, not claims, about motor oil quality.

With all automobiles growing older and no new ones in sight, facts about oil quality have never before been so important to car owners. That is why we briefly present these facts about a motor oil with a good name, which is backed by a great name.

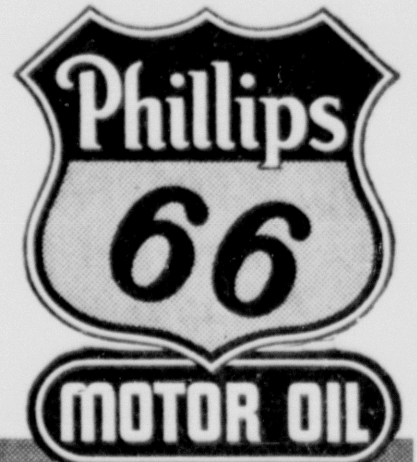

Phillips offers a number of oils, in various grades to match varying demands and pocket-books. Of all these oils, we have specifically set one apart as our best. To make choice simple and easy for you, we frankly say that Phillips 66 Motor Oil is our finest quality... the highest grade and greatest value... among all the oils we offer to average motorists.

Play safe. Don't neglect either regular or seasonal draining and refilling. When you replace summer-thinned lubricant, or make the every-two-months recommended change, be sure to ask for Phillips 66 Motor Oil.

'Git Outa My Foxhole, You Marine!'

Rusty, pet at the Quantico, Va., Marine base, says it's high time M-1 sharpshooter Harry W. Weber quit using his private quarters for practice. (U. S. Marine Corps photo.)

The low death rate on roads before the time of the automobile was largely because the driver had the help of a little "horse sense."

"The difference between a poor man and a millionaire is that one worries over his next meal, and the other worries over his last."

The town lazybones shuffled into a barber shop, slumped way down in the chair and, from the depths of his overcoat collar, mumbled: "Shave."
 "You're too far down for a shave," said the barber.
 "Haircut then," sighed the shiftless one.

Cooperation: the disposition of a person to conduct himself in such manner that the other fellow can work with him.

Revival to Start Assembly of God

W. J. PHELPS
Rev. W. J. Phelps, pastor of the
Assembly of God Church, announces
a revival to begin Sunday night,
Nov. 7.

Rev. W. T. Stallins of Wellington
will preach during the revival.
Services will be held each evening
at 8 o'clock. Rev. Phelps cordially
invites all to attend these services.

Dust Storms Are Likely in Spring

Dust Storms Next Spring!
This is a warning of the Soil Con-
servation Service headed in Ama-
rillo by H. H. Finnell. He also
stated that there will be strong
likelihood of severe wind erosion
of soil that does not have adequate
cover of crop residues or growing
crops.

No serious damage has been done
to date and little is in prospect that
cannot be taken care of if precau-
tions are made early enough.
If it is not possible to leave crop
residues or a winter grain crop on
the soil as cover during the blowing
season, then it will probably be
necessary to list or chisel the land
most likely to blow. Fore-thought
in the use of moisture conservation
practices and limited "stubble"
grazing will make soil cover more
accessible.

Moisture conservation and wind
erosion control is one of the most
important subjects that will be
studied by Vocational Agriculture
Boys of Canyon Public Schools.

From cotton linters, wood pulp
and soft water are manufactured
rayon, artificial horsehair, wool
ribbon and films.

Lions Club Has High Rank for New Members This Year

Canyon Lions Club was favored
with a musical program at the
Tuesday luncheon. Air-Cadet Rich-
ard Lange rendered several numbers
on the trumpet. He also gave sev-
eral of the army calls.
Mary Evelyn Foster, Mary Lee
Abbott, and Winnie Fred Ramage
sang two numbers as a trio. The
numbers were "What a Beautiful
Morning," and "Put Your Arms
Around Me." Both were greatly
appreciated by the club.

Anita Davis accompanied the trio
at the piano and also gave a piano
solo.

Announcement was made by Lion
Secretary Morris that the Canyon
club ranks first in its district and
fifth in national standing among
clubs of its classification in in-
crease of membership since July 1,
1943.
M. J. Newman, Assistant Profes-
sor of Music and Director of the
College Band, was received as a
new member.
